Interior revolution

Inside the cabin Renault CAPTUR feels like a car from a class above. It has entered a new dimension of quality and comfort with high-grade materials, improved comfort and greater interior space. The Smart Cockpit angled towards the driver offers a unique driving position. The flying console coupled with the e-shifter* brings a futuristic touch to the cabin.

Technology made simple

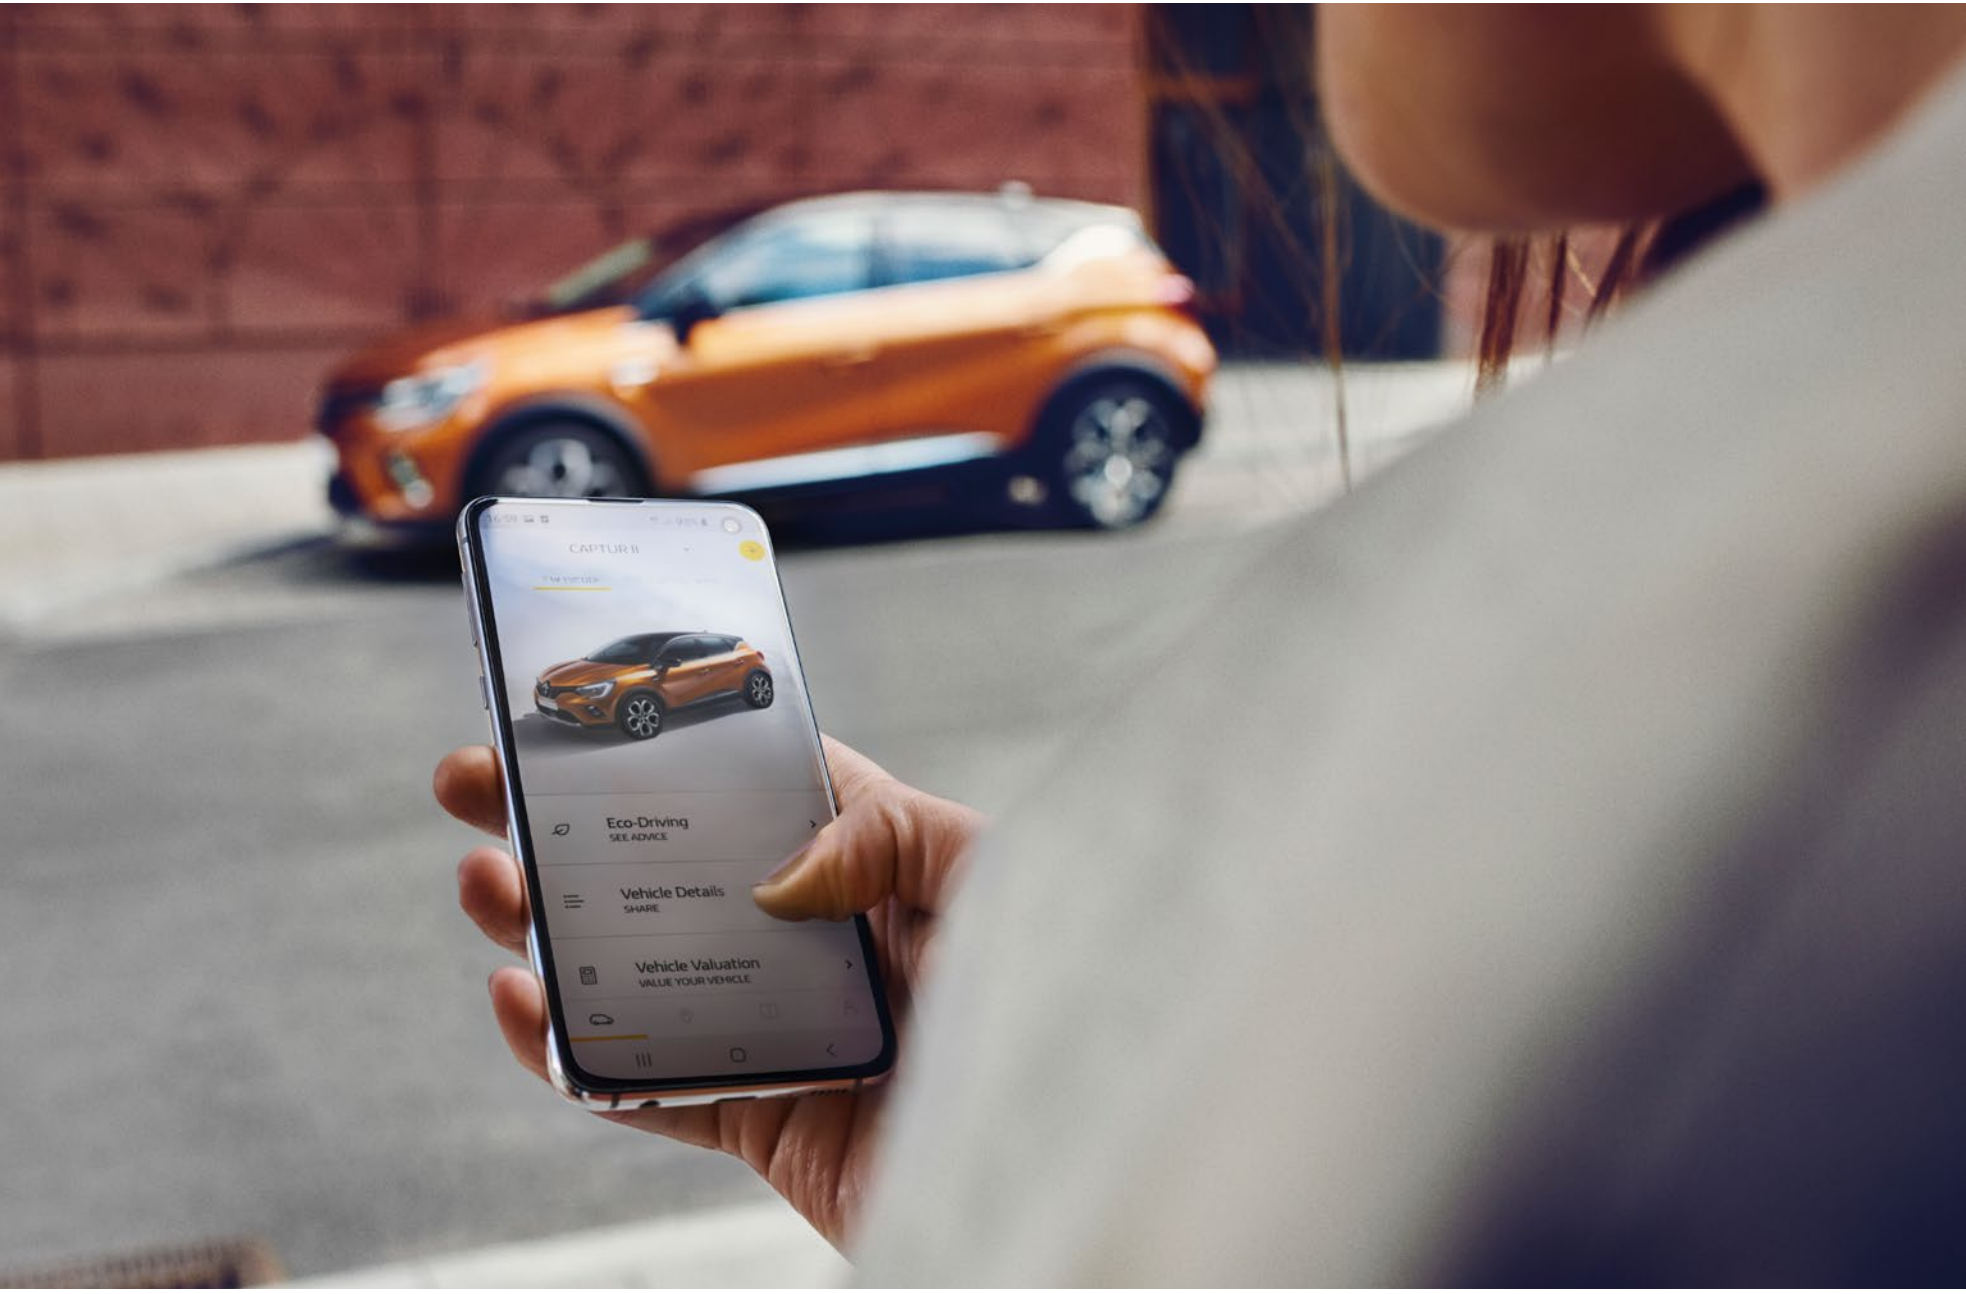

With the new EASY LINK multimedia system, accessing connected services has never been so simple. It's compatible with Android Auto™ and Apple CarPlay™, so you can easily connect your smartphone and get your favourites apps on the 7"* or 9.3"** touchscreen. Renault CAPTUR comes with 3-year free 4G connectivity allowing automatic maps updates and access to real-time traffic or fuel prices. With the Google Search function you don't need to know the exact address of your destination, simply type the name of the place and the navigation system will find it for you.

Discover MULTI-SENSE

Renault CAPTUR offers a driving experience adaptable to your mood. The MULTI-SENSE* system allows you to chose between 3 driving modes (My Sense, ECO or Sport) and 8 different colours for the ambient lighting.

* Standard on S EDITION and R.S. Line

Make no compromise on practicality

Enjoy a large SUV interior space designed to give you maximum comfort. Make the most of one of the largest boot volume in the category (up to 536L*). The ingenious sliding rear bench can slide 16cm forwards or backwards, creating either more space for passengers or a larger boot. Need to transport long or bulky items? Make room in the back thanks to the folding bench seat to benefit from a huge 1,275 l of space.

*Petrol versions

Renault CAPTUR E-TECH Hybrid

Renault CAPTUR E-TECH Hybrid uses a similar hybrid technology to the E-TECH Plug-in Hybrid version. The main difference is the smaller traction battery which doesn't require you to charge it, as it mainly charges through regenerative braking and recovered energy from the petrol engine.

Its two electric motors work together with the petrol engine when you pull away, come to a standstill or when you need extra power in acceleration phases. The result : reduced fuel consumption and improved driving pleasure from the electric power.

Renault CAPTUR E-TECH Hybrid is ideal if you wish to reduce your fuel costs but don't have the possibility to install a charge point at home, or access one at work.

Renault CAPTUR E-TECH Plug-in Hybrid: electric on demand

Renault CAPTUR E-TECH Plug-in Hybrid is the most efficient, yet most dynamic CAPTUR to date. Combining an efficient 1.6L petrol engine with a 9.8 kWh battery and two electric motors, it delivers 160 hp and allows day-to-day full electric driving; ideal for zero emission commuting. On the occasional long journeys, Renault CAPTUR E-TECH Plug-in Hybrid will run using both the petrol engine and the electric motors offering unprecedented flexibility. This clever combination is the result of Renault's decade-long expertise in electric vehicles coupled with Formula 1® technology applied to road cars.

The best of both worlds

Renault CAPTUR E-TECH Plug-in Hybrid offers all the benefits of CAPTUR and more. Experience a cleaner, more dynamic SUV drive with confident acceleration while lowering your running costs. Charging is also simple: it will take up to 4h15* at home on mains socket or 3h on a dedicated home wallbox. Alternatively, you can also use one of the thousands of public charge points across the UK.

*Estimated charging time on a UK 3-pin domestic socket with 230V and 13A.

Charging the Renault CAPTUR E-TECH Plug-in Hybrid

Charging every day is important to make the most of Renault CAPTUR E-TECH Plug-in Hybrid.

Charging method	Usually found at	Charging time[1] Empty to full
3-pin plug[2]	Home	4h15[1]
3.7 kW / 7kW	Home / Work / Public locations (supermarket, street...)	3h
22 kW	Work / Public locations (supermarket, street...)	3h

Renault CAPTUR E-TECH Plug-in can charge at a maximum rate of 3.7 kW.

What are the benefits of each charging method?

Charging location	Benefits
At home	The most convenient way to charge your Renault CAPTUR E-TECH Plug-in Hybrid is at home overnight so you can enjoy a full battery every morning
At work	Plug in when you're at work so you can leave fully charged at the end of the day and maximise zero emission driving on your way home
At public locations	Public charging gives you the opportunity to top up your battery at convenient locations like supermarket or car parks

Not sure to find charge points around you?
Use your EASY LINK navigation or MY Renault APP to find local charge points around your route.

Charging cables

3-pin socket cable[2]: this cable comes as standard and can be plugged to a domestic 3-pin socket. Length: 6.5m & maximum current: 10A. Charging time: up to 4h15.

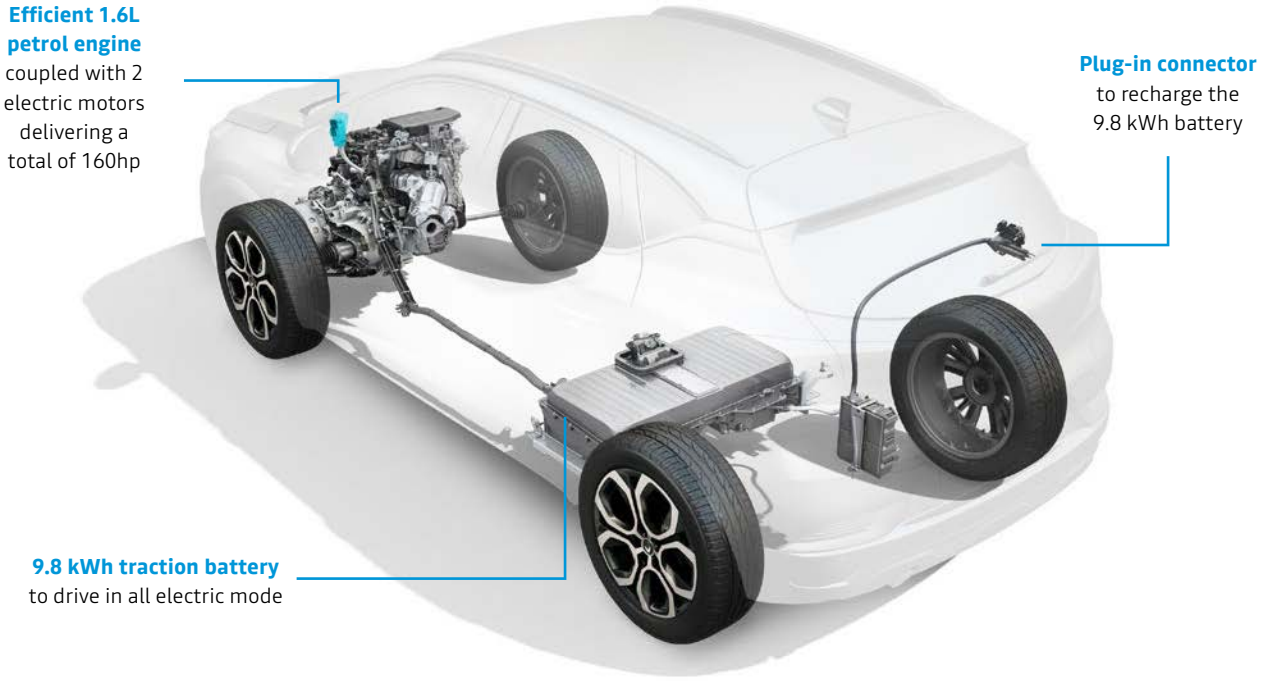

Type 2 (mode 3): also coming standard, this is the cable you would need to use if you install a dedicated charger at home. Length: 6m. Charging capacity: 3.7 kW. Charging time: 3h.

8 year battery warranty

For added reassurance and peace of mind, the traction battery on Renault CAPTUR E-TECH comes with an 8 year/100,000 mile warranty[3], giving you confidence in our technology and on the road.

(1) Charging time depends on temperature, battery wear, power delivered by the station and battery charge level. (2) Estimated charging time on a UK 3-pin domestic socket with 230V and 13A. (3) 8 year/100,000 mile traction battery warranty (whichever is reached first). For full Warranty Terms and Conditions please visit www.renault.co.uk/warranty.

Driving the Renault CAPTUR E-TECH Plug-in Hybrid

It drives easily, just like an automatic

Starting off
Always in electric mode

Renault CAPTUR E-TECH Plug-in Hybrid makes no noise when you start it. It uses the main electric motor to start in full electric mode; improving fuel economy, reducing emissions and maximising driving comfort.

Electric drive
Zero-emission drive

Use it like an electric car for day-to-day trips to reduce the running costs and enjoy the pleasure of electric drive.

Hybrid drive
The best of both worlds

On the occasional long journeys the electric motors and the petrol engine work together to maximise fuel economy. The vehicle will always choose the optimal mode to maximise efficiency.

Deceleration / braking
Energy recovery

Just like on a Formula 1® car, the system will capture energy through regenerative braking to help recharge your battery. This boost increases when you select the B Mode on the gear selector.

Reversing
Always in electric mode

Reversing is always in full electric mode to further improve fuel economy and lower exhaust emissions.

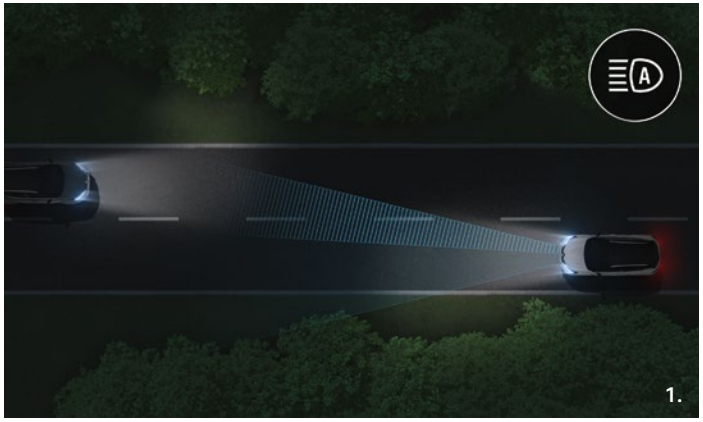

Cutting edge technology

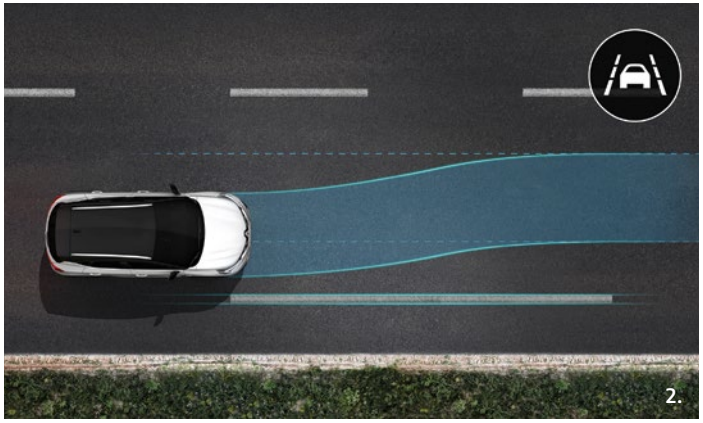

Renault CAPTUR is equipped with the highest level of technology designed to improve safety. It also features technologies from the class above, paving the way to autonomous driving.

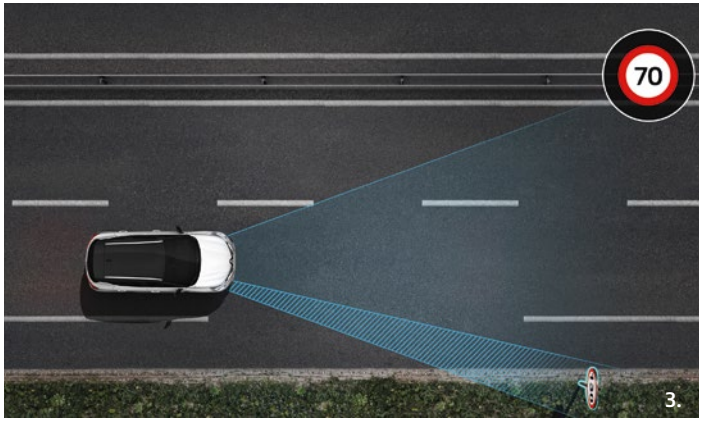

1. Renault Pure Vision LED headlights. Standard across the range, the Pure Vision full LED headlights provide greater visibility at night. With automatic high-beam*, Renault CAPTUR will switch to low beam as you enter a built up area or approach another vehicle.

2. Lane Departure Warning and Lane Keeping Assist. Standard across the range, these driver aids alert you and gently correct your trajectory if your vehicle changes lane without signalling.

3. Traffic Sign Recognition. All-New CAPTUR informs you of speed limits thanks to a camera so you are always aware of speed limits.

Accessories

1.

1. Underbody Welcome Light.* Don't get lost again in a poorly lit car park. The Renault CAPTUR lights up automatically when you either approach it or simply press a button on your key.

2. Shark Antenna.* Add a sporty touch with the Shark Antenna, perfectly integrated in to the shape of your Renault CAPTUR. Compatible with digital audio broadcasts (DAB).

3. Standard Boot Liner. Essential for protecting the boot of your Renault CAPTUR and transporting larger objects. The liner fits the boot of your vehicle perfectly and it's semi-rigid material makes it easy to both fit and clean.

4. Illuminated CAPTUR Door Sills.** An elegant and modern touch everytime you open the doors of your Renault CAPTUR. Finished with the CAPTUR logo, these sills also protect your vehicle's doors from damage.

5. Wireless smartphone charger. Forgotten your charging cable? No problem. With the new wireless smartphone charger, you can charge your phone on the go. The charging platform is located in the central console of the vehicle for ease of use.

* These accessories require registration of the vehicle before fitment.

** Also available in a non-illuminated version.

Accessories are fitted post-production, and may have an impact on real world fuel (actual) consumption and CO_2 figures.

For more information, consult the Renault CAPTUR accessories brochure. For prices, please refer to Renault Car Price Guide.

Renault Services

5 Year Warranty

Your Renault car is covered by a warranty package for up to 5 years from date of first registration with unlimited mileage during the first 24 months, then limited to a total of 100,000 miles or 5 years, whichever comes first. Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years◊.

3 Year Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration (unlimited mileage for first 24 months, then limited to a total of 60,000 miles or 3 years, whichever comes first). Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Assistance applies to mechanical or electrical defects which are covered by warranty.

EasyLife Service Plan

Renault's EasyLife Service Plan is the ultimate package to provide care free servicing for the first 3 years or 30,000 miles (which ever is sooner). It really is the hassle free way to take care of our Renault and benefits from;

- Inflation Proof Servicing - You know exactly what you'll pay and there are no hidden costs
- Peace of Mind - No matter where life takes you, we'll be there in over 5000 workshops across Europe
- Renault Expertise & Quality - Our highly trained technicians know your Renault inside out

The EasyLife Service Plan contains Renault services in-line with the manufacturer's service schedule, plus comes with a complimentary vehicle health check to ensure your Renault is in the best condition possible.

EasyLife servicing and warranty enhancements also available. Refer to the Price Guide for more details.

One off* and monthly** payment options available.

Finance options***

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault car insurance[1]

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. Unlike most other UK insurers, in the event of an accident, Renault Insurance will have your Renault repaired at a Renault Approved Bodyshop using only Renault approved parts and approved repair methods. This maintains your Renault's safety rating, protects its resale value and preserves its Renault warranty^. Renault Insurance also offers a courtesy car for the duration of a repair at a Renault Approved Bodyshop.
